Fact-sheet

→ Interdisciplinary and transversal training for doctoral students

University	University of Strasbourg / University of Haute Alsace
Institution	Collège doctoral
Link	http://formations-collegedoctoral.unistra.fr/ Registrations via the "Amethis" platform.
General description of the training offer	The transversal courses are described on the following catalogue: http://formations-collegedoctoral.unistra.fr/ Each doctoral candidate registered at Unistra or University of Haute Alsace must participate in 108 hours of training (54 hours of transversal training - 54 disciplinary hours) during his/her doctorate. Two training courses are compulsory for PhD Candidates of all doctoral schools: "Charte de déontologie des métiers de la Recherche" and MOOC "Scientific Integrity in Research Professions". The university of Haute Alsace organises two additional compulsory training courses : , "Plagiat"; « Droit de la propriété intellectuelle et valorisation ».
Available languages	French, English (Plagiat only available in French)
Conditions for participation of Eucor-postgraduates	To access the "Amethis" software, PhD Candidates should be registered at Unistra or University of Haute Alsace. Participation possible for EUCOR students in a training session without a limited number of places. For sessions with a limited number of places, Unistra or University of Haute Alsace students have priority access.
Admission procedure (step-by-step)	Online admission for Unistra and UHA students. For EUCOR students: for courses proposed by Unistra, please contact Ms. Schverer (contact below) in charge of doctoral training because no online registration is possible if the students are not registered at Unistra. For courses proposed by University of Haute Alsace, please contact Ms. Thomas-Derepas; no online registration is possible if the students are not registered at University of Haute Alsace.
