

Instruction sheet 2023 for the submission of funding applications
for projects in the field of “Research, Innovation and Transfer”
within Eucor – The European Campus

1

Please note: this document has been translated to the best of our ability, but only the German and French versions are binding.

The Seed Money funding for “Research, Innovation and Transfer” – including doctoral training programmes – offers start-up funding for cross-border project consortia in need of short-term support while preparing a major application for funding to a national or European research funding institution (examples include the bilateral calls for proposals between the DFG and the ANR, the EU Framework Programmes, the funding within the framework of INTERREG Upper Rhine or International Research Training Groups of the DFG).

The project consortium envisaged must actively involve members of at least two universities of Eucor – The European Campus from at least two countries in the project. Project consortia with three partners or more are explicitly encouraged. **The maximum funding amount of 60,000 EUR is only available for project consortia consisting of at least three partner universities.**

Applications must be submitted by the leader of the project consortium **until 7 September 2023, 17:00 (Brussels time)** to the Secretariat of Eucor – The European Campus in electronic form via the online application form.

Applications can be written bilingually in German / French or in English. The project description must not exceed 10,000 characters including spaces.

1) Structure of the online application form

a) Stream of funding

Seed Money funding “Research, Innovation and Transfer” of the EGTC Eucor – The European Campus. Please note: incorrect classification of the project may lead to an assessment by the wrong commission.

2) Information on the use and accounting of funds

In the framework of Seed Money, funds are made available to projects to cover expenses, which can be attributed directly to the project.

The EGTC Eucor – The European Campus grants a lump sum total amount for the project (global budget). The project funds are transferred to the member universities participating in the project at the beginning of the project in accordance with the approved provisional budget and after receipt of the corresponding requests for funds. A transfer of funds between the participating member universities during the project is not permitted.

The funding amount granted as well as the project duration are specified in the notification of funding. The project funds are only available to cover expenditure incurred up to the end of the project.

Unspent funds must be returned to the EGTC Eucor – The European Campus at the latest six months after the review of the proof of use and corresponding request.

The proof of use of funds of the closed project must be submitted to the EGTC Eucor – The European Campus using the forms provided at the latest six months after the end of the project.

Detailed information on the use (eligible expenditure) and accounting of the funds can be found in the Seed Money guidelines for the use of funding. The guidelines are an integral part of the grant. By accepting the granted funds, the applicants undertake to comply with these conditions.

By accepting the notification of funding, the project leader agrees to submit a final report on the results achieved by the project and on the status of the preparation of the application for third-party (external) funding to the Assembly of the EGTC Eucor – The European Campus within twelve months after the conclusion of the project.

3) Communication

The selected projects will receive the label “Eucor – The European Campus”. The grantees undertake to use the label in their information and communication activities and to acknowledge the support by Seed Money in publications as follows:

“Dieses Projekt wurde durch Seed Money von Eucor – The European Campus gefördert / This Project has been funded by the Seed Money programme of Eucor – The European Campus / Ce projet a bénéficié du dispositif de soutien financier Seed Money d’Eucor – Le Campus européen.”
